

Dear FCC -

A "No Call" list is a NO CALL list - No matter what. I don't want companies calling me after I cancel service with them to pester and bother me for 18 months. If I wanted to keep my business with them, I would have. If I decide to do business with them again, I will call them. I don't need more people calling me and bugging me to buy something that I don't want. If I want it, I would get it. Please help us keep SOME privacy!!

Thank you!
Amy
